Capturing memories of high school through senior pictures

Rachel Hyde
Staff Reporter

“People do senior pictures because it is a way of celebrating graduation and a way for your friends and family to remember you while away at college,” senior Destiny Yenson said.

Senior pictures are taken for many different reasons. One reason people do senior pictures is to feel good about themselves. Another is to have them as memories

to look back on. It is also an excuse to dress up. Whether or not you do sports, they are a way to show all of your accomplishments. Many are also taken for sentimental reasons.

“When everyone grows old and finds their senior pictures, you can look back on your last year and all your high school memories,” senior Cody Quiroz said.

There are several good locations to take amazing pictures. Belle Isle, anywhere

up north, Detroit, nature parks, and George George park. Students can take photos through Prestige photography, which is what is recommended by the school. Senior Caitlyn Hudek is using a close friend. Yenson had her aunt and friend do her pictures. Photographer Randy Dutton took senior Ian Major’s.

“They are really fun to take, and I can’t wait to take more,” Major said. Most seniors pass their pictures out

to family and friends, keep them, or use them at graduation parties.

“I am going to pass them out to friends, family, teachers, and post them,” Hudek said.

Senior pictures will always hold a memory about high school and your accomplishments.

“It was a new and exciting experience,” senior Noah Wells said.

Seniors say goodbye to high school sports

Madyson Marzec
Asst. Sports Editor

As the fall sports season comes to a close, seniors say goodbye to their teammates, coaches, and the sport they have grown to love. Seniors from football, boys’ soccer, volleyball, girls’ swim, cross country, sideline cheer, and dance leave us with final words and images.

Volleyball- “I am going to miss my team, the practices, the laughs, all the things that stay with you after high school. I am proud of how the underclassmen stepped up on the court this year. I’m also playing 2 years at St. Clair Community and looking to transfer later on to a D2 college,” Maia Newberry

Soccer- “I want to tell the underclassmen to work hard at every practice and leave everything on the field,” Ryan Shiemke

Swim- “I am going to miss my best friends Chloe Leblanc and Mackenzie Smith. Swim has been a big part of my life and to the underclassmen, don’t take advantage of your four years. Try to make the best out of everything,” Caitlin Michael

Cross Country- “I am really going to miss the coach, and to the underclassmen, you guys did good and I hope you improve,” Dylan Johnson

Sideline- “It was incredible to have the bond that I did with the girls. I’m going to miss them and cheering in general. I cheered for 13 years and it’s finally over,” Sierra Harvey

Football- “I am going to miss the competition of football. I will be playing in college. And to the underclassmen, stay focused and work hard,” Keith Fortune

Dance- “I am going to miss getting ready with the team and the whole high school experience like running onto the football field. It’s not going to be the same in college if I do dance,” Makayla Sumrall

RHS Updates

Tori Crenshaw
Staff Reporter

This year, RHS is getting bigger and better, with new additions from the Panther Den all the way to district buses.

Panther Den

Marketing teacher Jeff Verkeyn is on the road to finalizing the menu for the Panther Den which has fundraiser food every Tuesday and Thursday. They open up in the morning on Monday and Thursday serving coffee. Verkeyn said they will be opening a bank account so credit or debit cards can be used and they were seeling senior sweats, which were due at the end of November.

Instruments

RHS band has gotten new marching bass, snare, and tenor drums, cymbals, contrabass and bass clarinets, and trombones. Throughout the year, more instruments should arrive: bass saxophones, oboes, bassoons, electric guitars, and keyboards.

Technology

By the end of next year, RHS

should have all new technology. All students are expected to get their own computer-- no sharing or having to wait. Teachers will even get electronic whiteboards that will replace projectors. But for now, administration is working on the infrastructure, getting it prepared for the technology takeover for next year.

Buses

As of Nov. 12, RHS and Eastland Middle School are expected to stop sharing buses, adding six new stops and nine new buses. If students live within a 1.5-2 mile radius, they can catch the bus.

Outside Renovations

“Contracts and designs will be completed by Jan-Feb. 2019,” athletic director Chris Lafave said. Football and soccer will have an artificial field, new concession stands with bathrooms, a new track, additional stand seating, and team locker rooms. Baseball and softball renovations will start over the summer.

Watch for continuous improvements to benefit students throughout the school year.
